HOSPIKAP

STAINLESS STEEL HEALTHCARE FURNITURE SOLUTIONS

Engineered for HealthCare

Built To Perform

Where precision, durability, and thoughtful
design come together for better healthcare.

At Our Core

HOSPIKAP is KAPCHER's specialised healthcare furniture and clinical systems division, delivering purpose-built solutions for hospitals, clinics, operation theatres and care facilities. Our portfolio combines healthcare furniture, OT solutions and cleanroom-grade stainless steel systems, manufactured using premium-grade SS 304 and SS 316 stainless steel selected for hygiene, corrosion resistance, durability and long-term structural integrity. Designed around the demands of modern clinical environments, HOSPIKAP solutions bring together functional design, precision engineering and dependable performance

Engineering Excellence

HOSPIKAP
STAINLESS STEEL HEALTHCARE FURNITURE SOLUTIONS

Hygiene

Hygienic by Design

Smooth, easy-to-maintain surfaces designed to support cleaning and hygiene in demanding healthcare environments

Durability

Built to Endure

Robust materials and construction designed to withstand intensive daily use and long-term clinical operation

Precision

Engineered with Precision

Purpose-engineered solutions with attention to functionality, dimensions, fabrication and finishing.

Reliability

Dependable Performance

Consistent, dependable solutions designed to perform reliably across hospitals, clinics and critical care environments.

Five Function Electrical Bed

A durable electric hospital bed designed for patient comfort, easy positioning, and efficient clinical care with smooth motorized adjustments.
Code : HK-EB5-001

Three Function Electrical Bed

A durable electric hospital bed designed for patient comfort, easy positioning, and efficient clinical care. Its motorized adjustments provide smooth and convenient patient positioning.
Code : HK-EB3-002

Manual Bed with ABS Side Rails

A sturdy manual hospital bed designed for patient comfort, safety, and reliable clinical care, featuring easy-to-operate manual adjustments and durable ABS side rails.
Code : HK-MB-ABS-003

Manual Bed With Aluminium Rails

The bed features durable aluminium side rails that provide secure patient support while allowing convenient access for caregivers. Its practical manual adjustments and sturdy construction make it suitable for hospitals, clinics, and long-term care environments.
Code : HK-MB-AL-004

Two Function Manual Bed with ABS Side Rails

A sturdy manual hospital bed designed for patient comfort, safety, and reliable clinical use. It features convenient manual positioning and durable ABS side rails that provide secure patient support while allowing easy access for caregivers.
Code : HK-MB2-ABS-005

Semi Fowler Bed

A robust manual hospital bed designed for patient comfort and convenient positioning. Its adjustable backrest supports semi-Fowler positioning, making it suitable for hospitals, clinics, and general patient care environments.
Code : HK-SF-006

OT SS Furniture

Stainless steel furniture engineered for the OT — built in SS 304/316 for hygiene, corrosion resistance, and durability under the demands of critical surgical environments.

Name : Anesthesia Trolley
Size : L 400 x W 600 x H 1200
Code : HK-SS-OT-AT-001

Purpose-built furniture and clinical systems designed for modern medical environments.

Manufacturing Facility

HOSPIKAP's dedicated manufacturing facility is equipped with advanced capabilities for stainless-steel cutting, fabrication, welding, bending, polishing, and assembly. Working with premium-grade SS 304 and SS 316 stainless steel, our manufacturing processes are focused on precision, durability, hygiene, and consistent product quality. Dedicated areas for fabrication, assembly, finishing, and quality inspection enable controlled production at every stage. Supported by skilled technicians and stringent quality checks, HOSPIKAP delivers reliable and customised solutions across healthcare furniture, OT solutions, and cleanroom-grade stainless-steel systems for demanding clinical environments.
